Appendix

RIVERSIDE COUNTY PROBATION DEPARTMENT

Project Plan to Develop County Realignment Plan

- (1) A description of the realignment target population in the county that is to be supported or served by allocations from the block grant program, including the numbers of youth served, disaggregated by factors including their ages, offense and offense histories, gender, race or ethnicity, and other characteristics, and by the programs, placements, or facilities to which they are referred.
- (2) A description of the facilities, programs, placements, services and service providers, supervision, and other responses that will be provided to the target population.
- (3) A description of how grant funds will be applied to address each of the following areas of need or development for realigned youth:
 - (A) Mental health, sex offender treatment, or related behavioral or trauma-based needs.
 - (B) Support programs or services that promote the healthy adolescent development.
 - (C) Family engagement in programs.
 - (D) Reentry, including planning and linkages to support employment, housing, and continuing education.
 - (E) Evidence-based, promising, trauma-informed, and culturally responsive.
 - (F) Whether and how the plan will include services or programs for realigned youth that are provided by nongovernmental or community-based providers.
- (4) A detailed facility plan indicating which facilities will be used to house or confine realigned youth at varying levels of offense severity and treatment need, and improvements to accommodate long-term commitments. This element of the plan shall also include information on how the facilities will ensure the safety and protection of youth having different ages, genders, special needs, and other relevant characteristics.
- (5) A description of how the plan will incentivize or facilitate the retention of realigned youth within the jurisdiction and rehabilitative foundation of the juvenile justice system in lieu of transfers of realigned youth into the adult criminal justice system.
- (7) A description of how data will be collected on the youth served and outcomes for youth served by the block grant program, including a description the outcome measures that will be utilized to measure or determine the results of programs and interventions supported by block grant funds.
